Aidan Aniciete

San Jose, CA

aidan.aniciete@gmail.com linkedin.com/in/aidaniciete aidaniciete.com

Summary

Accounting student at San Jose City College, transferring to San Jose State University in spring 2029, working toward forensic accounting and fraud examination. Four years in corporate event operations with Maritz at Google, currently on the Bay View Event Center team.

Education

San Jose City College **Aug. 2021 – Present**

Associate of Science for Transfer, Business Administration *San Jose, CA*

- **GPA: 3.42**. President's List, Fall 2023. Studying part-time while working full-time.
- **Planned transfer: Spring 2029** to San Jose State University (Accounting Information Systems).
- **Coursework:** Financial Accounting (in progress), Legal Environment of Business, Introduction to Computer Information Systems, Python Programming.

Projects

AIS Audit Sandbox **2026**

JavaScript, built with AI assistance *aidaniciete.com/audit*

- Designed a practice audit that generates a made-up company with a procurement policy, approval limits, an approved vendor list and a year of 18 to 22 purchase payments, 4 to 8 of which break policy.
- Each payment has a purchase order, receiving report and invoice to three-way match. Covers eight exception types, including duplicate payments, split purchases, unregistered vendors and unauthorized approvals.
- Found and fixed two errors in my own design: duplicate payments were double-counted in the at-risk total, and the answer key could flag issues the documents did not prove.

Experience

Maritz at Google – Bay View Event Center **May 2025 – Present**

Event Services Specialist, Event Center *Mountain View, CA*

- Supported 44 corporate events totaling 14,000+ attendees, including programs spanning up to 9 days and 11 event spaces.
- Served as Lead ESS for 8 events of 175 to 1,000 attendees, directing onsite teams of up to 5, including a 537-attendee program at Hangar One during the venue's first events.
- Joined planning meetings with Event Managers, clients and production partners 3–4 months out, and turned their requirements into event-specific task lists and team briefings.
- Coordinated catering, production, furniture and transportation partners on site, resolving issues within my authority and escalating the rest.

Maritz at Google – Core Team **Nov 2022 – May 2025**

Event Services Specialist, Core Team *Mountain View, CA*

- Wrote post-event debrief emails documenting outcomes, operational issues and follow-up items.
- Conducted room-by-room audits three times a week to keep event spaces ready and report maintenance issues.
- Earned multiple Google host commendations for problem-solving and guest service, recognized in regional team meetings.

Club Monaco **Aug 2022 – Dec 2024**

Stylist *Santa Clara, CA*

- Maintained inventory accuracy and merchandising standards while consistently exceeding personal sales goals.

Uniqlo **June 2021 – Aug 2022**

Supervisor *Santa Clara, CA*

- Performed loss prevention audits and maintained operational standards to reduce shrinkage.
- Supervised and coached 15+ sales associates; put forward by my area manager for Uniqlo's Manager Candidate program.

Skills

Technical: Excel (VLOOKUP, PivotTables, XIRR), Google Workspace, Python (coursework).
Professional: Vendor coordination, onsite team leadership, client service, documentation and issue escalation.
